REVOLUTIONISING URBAN MOBILITY

The world's most advanced smart electric scooter, with over 130 invention patents filed.

ASSURED STOPPING POWER

Double Hydraulic Disc Brakes with CBS

92KG

Vehicle Weight

Load Capacity up to 200kg

10" DIGITAL LED SCREEN

High legibility monochrome widescreen display

110KM

Range in NEDC Ratings

DUAL ECUs + CAN Bus

4G Smart Central Control System

5,000W

High Speed Electric Permanent Magnet Motor & Peak Power

80+KM/H, 0-50KM/H IN 4.9S

Top performance plus 28° climbing ability

201N.m

Lock-rotor Torque

5 DRIVING MODES

The Blueshark R Series supports 5 driving modes, which are Eco, Comfort, Sport, Turbo and MAM mode.

10" DIGITAL LED SCREEN

See and do more with the clear and large 10" digital LED screen, plus remote start/stop, keyless entry and more

CUTTING-EDGE PATENTED BATTERY TECHNOLOGY

2880 Wh

Dual-battery Capacity

110km

Dual-battery NEDC Range

CORE FEATURES

- EV Class cells - Dual Lithium Iron Phosphate (LFP) Battery Packs
- More than 2,000 full charging/discharging cycles
- Aluminum alloy unibody casing
- Coaxial Sleeve Connector convenient for swapping
- From 20%-80% charged within 3.5 hours, typically
- First-ever Smart multi-battery management system with Optical Communication

ADVANCED TECHNOLOGIES

- Optimised fire resistant and flame retardant cell structure
- 95% of real-time remaining range estimation via patented technologies
- Separate CAN Bus and power source, dual power ignition, 20 sets of sensors and 8 protection features in a single battery
- Patented technology for dual-battery smart switching between series and parallel battery management

BATTERY SWAP STATION

We want to make life simpler and cleaner.
Swap & Go in less than 6 seconds!
